

Trained Medication Aide (TMA) – Fall 2021

Continuing Education & Customized Training

2101 Trinity Road, Duluth, MN 55811

218-733-5924 • continuingeducation@lsc.edu

This course is an introduction to medication administration for non-licensed personnel working in long term or residential care settings under the supervision of a registered nurse. It includes the study of legal requirements, safety measures, terminology, body systems, and the use of references related to the administration of medications. Students will study actions, dosages, toxic symptoms, and special considerations of commonly prescribed medications. Students will practice the administration of oral, topical, optic, ophthalmic, and rectal forms of medications in a lab setting. This course meets the requirements of the Minnesota Department of Health.

Note: per State of Minnesota Administrative Rule 4658.1360 subpart 2, Individuals who wish to work as a TMA in a skilled nursing home or licensed boarding care facility must be 18 years or older and on the Nursing Assistant Registry and have completed a Minnesota Department of Health Approved Nursing Assistant program. Documentation of completion of approved course is required on the first day of class.

Tax Deductibility Notice

Classes may be tax deductible under Hope Scholarship and Life-Long Learning tax laws. Your social security number must be provided to claim either of these deductions. Many colleges/universities use social security numbers for student identification purposes on student records. Providing your social security number, birth date, gender, and ethnic background is voluntary. If you do not provide this information, your application will still be processed. This data is requested for purposes of administration, program evaluation, and consumer and alumni data. The data may also be used to create summary information about MNSCU programs through data matches with other state agencies.

***To receive college credit for this course, please fill out the following page.**

College Credit Disclosure Form

If you would like college credits for your training, you must have a social security number on file. Many colleges/universities use social security numbers for student identification purposes on student records. Providing your social security number, birth date, gender, and ethnic background is voluntary. If you do not provide this information, your application will still be processed, however, you will not receive college credit. This data is requested for purposes of administration, program evaluation, and consumer and alumni data. The data may also be used to create summary information about Minnesota State programs through data matches with other state agencies.

By requesting credit for this class, these courses will be on your official academic record. In the event you take future college courses at another institution, they could want you to request official transcripts from Lake Superior College. If you need to request a transcript, you may do so at <https://www.lsc.edu/current-students/records-registration/transcripts-2/>

If you are enrolled in six (6) or more credits, your enrollment will automatically be reported to your loan servicer in the semester that your registration appears. This could cause your loans to go into automatic in-school deferment. If you would like to continue to make payments on your loans, please contact your loan servicer for instructions on how to do this. You can access your loan information electronically at www.nsls.ed.gov using your FSA ID and password.

By signing, I am requesting to receive two (2) college credits for ALTH 1436 Medication Administration for Non-Licensed personnel and acknowledge that I understand the academic and financial aid implications of requesting college credit for this class at Lake Superior College.
